A PUBLICATION OF THE BRONX COUNTY DENTAL SOCIETY

The Bronx County Dental Society Lecture Series has Begun

IN RESPONSE TO THE COVID 19 pandemic and our commitment to bring quality continuing education to our members, we have launched our lecture series on Zoom. Our first lecture on Dental-Medical Billing featuring Christine Taxin was held on January 26. Our future lectures are summarized below and detailed in the following pages.

MON FEB 22, 2021 7-8:30PM

Dr. Howard Glazer

"I Have It..You Need It!"

Minimally Invasive Dentistry.

Bioactivity vs Biomimicry. Dr.

Glazer will be giving away a free tuition to his Smiles in the Sun seminar at Longboat Key in April. Anyone who does not win the free tuition and is a first-time attendee of Smiles in the Sun will receive \$100 off the regular tuition. This lecture is sponsored by Merchant Advocate, Vista Apex, Septodont, Parkell, Shofu, Ortek Therapeutics, Pulpdent and GC.

WED MAR 24, 2021 7-8:30PM

Tom Viola

"I Haven't Got Time For This

Pain" Dental Pain Management

For The Entire Team.

TUE APR 20, 2021 7-8:30PM

Dr. Adam Goodman

Predictable Invisalign

Treatment For Minor and

Moderate Crowding And

Spacing.

All Zoom courses are free to our members. To register, contact Joy Patane at bronxdental@optonline.net ■

Bronx County Dentists Roll Up Their Sleeves for COVID 19 Vaccines

Howard S. Glazer, DDS

I Have It...You Need It! Minimally Invasive Dentistry – Bioactivity v. Biomimicry

Virtual | Monday, February 22, 2021 | 7:00–8:30pm

Dr. Glazer will explore the concept of Bioactivity v. Biomimicry in a minimally invasive approach to restoring dentition. He will discuss the instruments and products he uses to achieve optimal health for the tooth while maintaining form and function. Products will be mentioned and rationale for the use of each will be discussed. This is a program about real dentistry, by a real dentist, treating real patients!

Objectives:

1. To learn what bioactive means and why we should use such products
2. To learn what bioactive materials are used for specific instances
3. To learn what to use for detection and instrumentation to create minimally invasive procedures that will preserve tooth structure

Howard S. Glazer, DDS

Dr. Glazer is a Fellow & Past President of the Academy of General Dentistry, and former Assistant Clinical Professor in Dentistry at the Albert Einstein College of Medicine. He has been a visiting clinician at several universities around the country. He is a Fellow of the American College of Dentists; International College of Dentists; American Society for Dental Aesthetics, the American Academy of Forensic Sciences, and a Diplomate of the American Board of Aesthetic Dentistry. Dr. Glazer is an Attending Dentist at the Englewood Hospital (Englewood, NJ).

For the past several years, Dr. Glazer has been named as one of the “Leading Clinicians in Continuing Education” by Dentistry Today, and most recently was named as one of the Top Dentists in New Jersey by New Jersey Monthly & 201 Magazine. He lectures throughout the United States, Canada, overseas, and authors articles published throughout the world. His “I Have It...You Need It!” column appears in Dental Economics magazine. He maintains a general practice in Fort Lee, NJ.

To sweeten the deal Dr. Glazer will give away a free tuition to his program in Florida: [Smiles In The Sun](#). Anyone who doesn't win and is a first time attendee can take \$100 off the tuition. (See ad on page 9).

I Haven't Got Time For This Pain - Dental Pain Management For The Entire Team

Virtual | Wednesday, March 24, 2021 | 7:00-8:30pm

Management of acute odontogenic pain is accomplished through a clinical approach that successfully incorporates intraoperative local anesthesia and a postoperative regimen of non-opioid and opioid analgesics. However, improper and inappropriate use of both local anesthetic agents and analgesics have the potential to produce adverse outcomes for our patients. Thus, it is critical for clinicians to accurately evaluate the need for pain control, identify associated risks, and assess the efficacy of the agents to be administered. This program will provide participants with a comprehensive understanding of the pharmacology and therapeutics of local anesthetic agents and analgesics. Special emphasis will be given to effective perioperative pain management and best practices for prescribing analgesics for postoperative pain control.

Tom Viola

Thomas Viola, the founder of "Pharmacology Declassified", is a board-certified pharmacist who also serves the professions of dentistry as a clinical educator, professional speaker, and published author. Tom is a member of the faculty of ten dental professional degree programs and has received several awards for outstanding teacher of the year. Tom has presented hundreds of continuing education courses to dental professionals, nationally and internationally, in the areas of oral pharmacology and local anesthesia and is well-known for his regular contributions to several dental professional journals. Through his informative, humorous and engaging live seminars and webinars, Tom has earned his reputation as the go-to specialist for making pharmacology practical and useful for all members of the dental team.

PULPDENT®

Dr. Adam Goodman

Predictable Invisalign Treatment For Minor and Moderate Crowding and Spacing

Virtual | Tuesday, April 20, 2021 | 7:00-8:30pm

Invisalign treatment has grown in popularity in general dental practices in recent years. Dr. Goodman will review a systematic approach to properly selecting cases, setting reasonable goals, reaching the planned result, and stabilizing it with retention. In this Zoom Lecture, facial recognition software will be used to make sure that attendees are not sitting on the couch watching Netflix while the lecture is in progress*

Dr. Adam Goodman

Dr. Adam Goodman received his D.M.D at University of Pennsylvania in 1989 and his Orthodontic Specialty Certificate in 1993 at Montefiore Medical Center. He has practiced orthodontics in the New York City area since 1993 and is known as a pioneer, mentor and educator for Invisalign. He has trained over 1000 dentists across North America on behalf of Align Technology, and has spoken at several Invisalign Summit meetings, the Greater NY Dental Meeting, the California State Dental Meeting and previously at the Big Apple Dental Meeting. He is also a Past-President of the Bronx County Dental Association. He is an Assistant Attending in Surgery at Weill-Cornell New York Presbyterian where he lectures on Surgical Orthodontics.

*There will be no use of facial recognition software but Dr. Goodman plans on calling on people mid-lecture!

Paycheck Protection Program Second Draw Loans Applications are Now Available

This opportunity ends on March 31, 2021

THE PAYCHECK PROTECTION PROGRAM (PPP) NOW

allows certain eligible borrowers that previously received a PPP loan to apply for a Second Draw PPP Loan with the same general loan terms as their First Draw PPP Loan. Second Draw PPP Loans can be used to help fund payroll costs, including benefits. Funds can also be used to pay for mortgage interest, rent, utilities, worker protection costs related to COVID-19, uninsured property damage costs caused by looting or vandalism during 2020, and certain supplier costs and expenses for operations.

Full Forgiveness Terms

Second Draw PPP Loans made to eligible borrowers qualify for full loan forgiveness if during the 8- to 24-week covered period following loan disbursement:

- Employee and compensation levels are maintained in the same manner as required for the First Draw PPP loan;
- The loan proceeds are spent on payroll costs and other eligible expenses; and
- At least 60 percent of the proceeds are spent on payroll costs.

Targeted Eligibility

A borrower is generally eligible for a Second Draw PPP Loan if the borrower:

- Previously received a First Draw PPP Loan and will or has used the full amount only for authorized uses;
- Has no more than 300 employees; and
- Can demonstrate at least a 25% reduction in gross receipts between comparable quarters in 2019 and 2020.

Maximum Loan Amount and Increased Assistance for Accommodation and Food Services Businesses

For most borrowers, the maximum loan amount of a Second Draw PPP Loan is 2.5x average monthly 2019 or 2020 payroll costs up to \$2 million.

How and When to Apply

Borrowers can apply for a Second Draw PPP Loan until March 31, 2021, through any existing SBA 7(a) lender or through any federally insured depository institution, federally insured credit union, eligible non-bank lender, or Farm Credit System institution that is participating in PPP. All Second Draw PPP Loans will have the same terms regardless of lender or borrower. A list of participating lenders as well as additional information and full terms can be found [HERE](#).

Ensuring Access for All

SBA continues to call upon its lending partners, including Community Development Financial Institutions (CDFIs) and Minority Depository Institutions (MDIs), to redouble their efforts to assist eligible borrowers in underserved and disadvantaged communities. At least \$25 billion is being set aside for Second Draw PPP Loans to eligible borrowers with a maximum of 10 employees or for loans of \$250,000 or less to eligible borrowers in low- or moderate-income neighborhoods. To promote access for smaller lenders and their customers, SBA will initially only accept Second Draw PPP Loan applications from community financial institutions starting on January 13, 2021. The PPP will open to all participating lenders for Second Draw PPP Loans shortly thereafter.

Visit www.sba.gov or www.treasury.gov for more information and details, including the comprehensive program rules. ■
